Sureflow COR4

Multi-Metal Corrosion and Scale Inhibitor

for use in Commercial Heating and Cooling Systems

Application

Sureflow COR4 contains a blend of corrosion inhibitors, buffers and anti-scaling agents that provides long-life, low-toxicity protection for commercial heating and cooling systems.

Product Description

Based on a blend of phosphates and azoles, this product offers effective protection against corrosion, scale deposit build-up and fouling.

Benefits

- Cost effective long term protection
- Prevents Scale & Sludge Formation
- Anti fouling properties
- pH buffering properties
- Compatible with alcohol and glycol anti-freezes
- Multi-functional treatment
- Low toxicity

Physical Properties

Appearance
Colourless - Clear liquid

Consistency
Low viscosity

Density
1.15 - 1.28

Odour
Faint odour

Foam
Low-foaming

pH
9 - 10

Container Sizes
Available in: 5, 10, 25, 205L drums & 1000L IBCs

Hydratech Services Division

The Hydratech Services division provides specialist engineering and maintenance services to customers installing, commissioning, operating or optimising closed loop cooling and heating systems. Hydratech's holistic approach to process and hydronic systems management maximises the potential for optimised performance, reduced operational costs and significant return on investment gains.

Find out more about Hydratech Services

Quality Assured

Sureflow COR4 is manufactured in accordance with ISO 9001: 2015 procedures.

Storage & Shelf Life

At least 3 years when stored in sealed containers, below 40°C and out of direct sunlight.

Health & Safety

Please refer to the associated Safety Data Sheet, which is available online via Login and/or by mail.

24/7 Technical Support

Technical support services and products to ensure ongoing system efficiency and protection.
